

Rustic Yet Refined Jewelry Design

Ring size finder.

Cut out this handy ring template to find out your size.

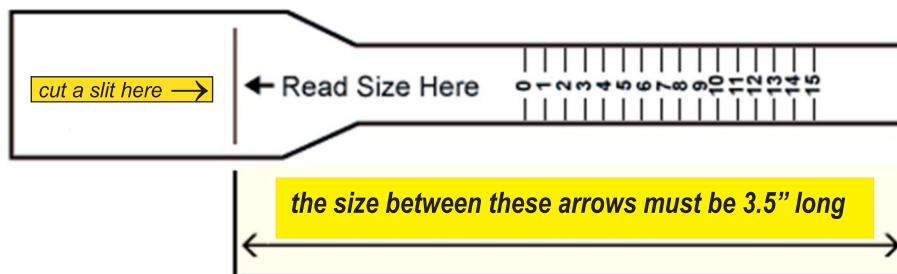

Note: be sure to print this template at Full size (fit to paper)
If you shrink or expand, the sizer will not be accurate.

Wrap the sizer around the finger and pull the smaller end through the slit
the number that fits comfortably through the slit is your ring size!

Measure the proper finger.

it's best to do the measuring when your body is at room temperature

Keep in mind that the majority of my designer rings are made to fit 1/2 size up and down.
The details are provided in each ring description.
